# PURPOSES

- The main goal is to contribute in supporting the government on TB control
- The Forum is expected to be able to assist in overcoming the burden of national TB problem.
- In TB control, it will be difficult to do it if each group exercises it without good cooperation and coordination, as it can lead to the less optimal result.

# Activities

1. Quarterly plenary meeting
2. Facilitated meeting for developing national strategic plan on TB
3. Facilitated PHO/DHO/CSO to establish the forum Stop TB Partnership
4. Upload any news related TB / FSTPI into website
5. Share information to all of members (from Union, WHO, Global Stop TB Partnership)

## **...Activities...**

6. Will Establish 5 working group in the forum :
  - Public communication
  - Advocacy
  - Community
  - Health service
  - Resource Mobilization

# Current Challenges

## **1. High Incident Rate and Prevalence Rate in Indonesia (based on the result of survey of 2013-2014)**

- **Incidence Rate: 403 / 100,000 population**
- **Prevalence Rate: 660 / 100,000 population**

**Total Population in Indonesia:                    ± 250 million**

## **2. TB-related Issues:**

- **The quality of DOTS should be improved**
- **TB – MDR**
- **TB-HIV**
- **TB-DM**
- **TB-with bad smoking habit**

- 3. a.     Recording and Reporting System for private  
         physician are not                    yet formulated**
- b.     ISTC is not yet fully functioning**

## **...Current Challenges...**

- 4. Only around 30% of hospitals that have conducted Hospital DOTS Linkage.**
- 5. Very limited budget allocated for TB Control from central and local governments.**
- 6. Inappropriate TB facilities**
- 7. Lack of understanding of community on TB**

- 1. Komitmen politik masih rendah
- 2. Anggapan pengendalian TB dari Pemerintah Pusat dan Daerah sangat terbatas
- 3. Fasilitas layanan TB belum memadai
- 4. Pemadaman dan program aktif masih kurang sehingga TB masih kurang

Untuk mencapai target yang ditetapkan langkah-langkah utama sebagai berikut:

1. Berkoordinasi dan berkolaborasi untuk meningkatkan TB secara nasional, antara lain melalui:
2. Mendukung Pemerintah Pusat dan Daerah sebagai pemangku utama program pengendalian TB
3. Mendukung Pemerintah Pusat dan Daerah sebagai pemangku utama kegiatan yang mendukung upaya pengendalian TB dan mempromosikan pencegahan & deteksi dini
4. Mendukung dan memfasilitasi keterkaitan antara pelayanan TB dengan layanan kesehatan lainnya
5. Meningkatkan pengetahuan TB di lingkungan masyarakat, seperti tenaga kerja, masyarakat, pemerintah, dan media massa melalui media massa & kelompok masyarakat
6. Meningkatkan informasi tentang TB kepada masyarakat dan stakeholder
7. Mengembangkan berbagai pihak untuk memberi kontribusi dana, tenaga, prasarana, sumber daya manusia dan pemukiman untuk meningkatkan pengendalian TB
8. Meningkatkan penelitian dan pemantauan berbasis bukti untuk mendukung kemajuan program pengendalian TB
9. Forum Stop TB Partnership Indonesia sebagai pengorganisasian dan memonitor forum serupa di setiap provinsi setelah tahun 2014
10. Dalam memberikan bantuan teknis untuk meningkatkan kemampuan anggota forum
11. Berperan aktif dalam memberi masukan dan kerjasama global untuk memonitoring serta TB secara nasional, internasional, dan global TB affecting all regions

Jakarta, 30 Mei 2013  
 Atas nama anggota Forum Stop TB Partnership Indonesia

Arifin Purnomo  
 Ketua
